Applications : Ronco Thermo-Guard 66-380-00 terry oven mitts are designed to protect against radiant and contact heat from ovens (up to 450 °F)

Product Features : Reinforced heat-resistant Kevlar thumb patch to protect the wearer and expand the life of the glove
Protective 9.5" Terry cuff protects the forearm from radiant and contact heat

Storage & Handling : Store in original packaging at room temperature under roof away from direct sunlight and moisture.
Wash with fabric detergent in warm water and tumble dry.

Laundry Instructions : **Hand Washing:**

- Fill a sink or basin with warm water (40 °C or below) and add soap or mild detergent.
- Soak the gloves in the solution for approximately 5 minutes.
- Rub the gloves together while they are on or off your hands to ensure they are thoroughly cleaned.
- Rinse the gloves thoroughly with warm water, squeeze out any excess water and let the gloves hang dry away from any heat source.
- Do not use dryer.

Machine Washing:

- Select the gentle cycle and use cold water (30 °C or below).
- Add a small amount of mild detergent to the washing machine.
- Once the cycle is complete, remove the gloves, squeeze out any excess water and let the gloves hang dry away from any heat source.
- Do not use dryer.

Notes:

- Please do not use bleach.
- These gloves can be washed up to three times, at a regular level of soiling.

Special Notes : Although reasonable care has been taken in the preparation of this document, no warranties are extended and no liability is assumed. The information is solely provided as a general guideline for product use and care. It is up to end-users to make their own determination as to the suitability of the product for their own intended purpose(s).
