

Flat Fold Surgical N95 Respirator

Fits, looks and feels like a standard surgical mask while offering respiratory protection conforming to NIOSH N95 standards*

Item # SP-14110451
Packaging: 20 masks per box

- Light weight and thin construction with a soft inner layer designed for comfort and convenience
- Elastic head straps are sonic welded inside the outer layers for minimizing pressure points
- Proprietary technology makes the mask incredibly light weight (33% less) increasing wear time and decreasing wearer fatigue
- Individually bagged masks to keep them from exposure, soiling and contamination
- Latex free and silicon free to minimize risks of allergic reactions

* NIOSH-approved as an N95 Particulate Respirator

- Ranks as "high barrier" class 160 mmHg in conformance to ASTM F1862 requirements for fluid penetration and splash resistance
- Reduces wearer exposure to airborne particulates smaller than 0.1 micron
- Reduces the transfer of microorganisms and other airborne particulate matter
- Provides >99.9% (BFE) Bacterial Filtration Efficiency
- Offers >99.5% (PFE) Particle Filtration Efficiency
- Offers >99.9% (VFE) Viral Filtration Efficiency
