Material	<p>The new RONCO POLY Gloves are made of <b>HDPE (High Density Polyethylene)</b>. HDPE, while retaining the strength of the gloves, allows for thinner gloves that are more comfortable. We have thoroughly evaluated the HDPE gloves and have found them to be of superior quality for the food handling sector.</p> <div style="text-align: center;">  </div> <p style="text-align: center; color: red;">NEW HDPE Material: Less transparent and less glossy</p>	<p>The old poly gloves were made of <b>LDPE (Low Density Polyethylene)</b>.
