92-594-08	Medium	35	102	230
92-594-09	Large	35	107	255
92-594-10	X-Large	35	113	270
92-594-11	XX-Large	35	116	285

Packaging:
12 pairs x 6 bags = 72 pairs per case

Features

- Ergonomically shaped and specialized palm-dip nitrile coating, complemented by a reinforced acrylic liner
- The nitrile coating on the palm and fingers is adept at resisting abrasion and repelling oils, providing a secure grip even when dealing with dry, greasy, or oily materials
- The integrated acrylic liner adds an extra layer of insulation against temperature extremes and liquid exposure
- These gloves excel in safeguarding against light cut hazards, making them ideal for tasks involving plastic, thin sheet metal, and other lightweight raw materials
- PR reduces risk of injuries to the back of hand and fingers due to pinch, crush, and impact
- High puncture performance reduces hand injuries due to sharp objects and burrs

Applications

RONCO Sela Chemical Resistant Nitrile Coating, Cut A4, TPR Gloves is an excellent chemical and cut resistant impact level glove to protect against abrasions, snags and nuisance cuts. Applications include:

- Mining
- Construction
- Municipal Cleaning
- Metal Fabrication
- Recycling collection & handling
- Gardening and Landscaping

Storage & Handling

Store in original packaging at room temperature under roof away from direct sunlight and moisture. Wash in cool or warm water and hang to dry.

CAUTION: Product contains natural latex which may cause allergic reactions in some individuals.

Expected Mechanical Ratings

- ANSI Cut Level A4
- ANSI Abrasion & Tear Resistance 4
- ANSI Puncture Level 2
- ANSI Impact Level 2
